No. 9177-FF/44 dated 30th January 1945.

Sir,

Sub: Fisheries - Fishcuring yards - at Hosdrug, Ullal and Kadapuram - Conversion of the post of Petty Yard Officer's into that of Sub Inspectors.

--

The fishcuring yards at Hosdrug, Ullal and Kadapuram were in charge of Sub Inspectors prior to the reorganisation in 1934. As they showed a decline in transactions they were put in charge of Petty Yard Officers as a result of reorganisation sanctioned in G.O.No.1046, Development, dated 25-7-1934. Since 1938-39 the transactions in the yards have improved to such an extent as to necessitate putting them again in charge of more responsible officers namely Sub-Inspectors. Two statements showing the consumption of salt, one for 6 years from 1928-29 to 1933-34, and the other for 6 years from 1938-39 to 1943-44 are enclosed for purposes of comparison. In the latter statement the quantities of Livers treated in them are also given. It will be seen from these statements that the average consumption of salt in Hosdrug and Kadapuram yards during the last 6 years is more than 4000 maunds. Though the average consumption of salt in the Ullal yard during the last 6 years is only 2500 maunds the quantity of liver treated in this yard is more than 10000 pounds. The work and responsibility in them have therefore increased considerably during these latter years.

pto.

-2-

In para. 380 (3) of the Old Salt Manual, the scale of establishment fixed for a yard in the west coast consuming more than 3000 maunds of salt per annum is 1 Sub Inspector, 1 first grade peon, and 2 second grade peons. According to this scale the three yards referred to above should each be placed in charge of a Sub-Inspector and 3 peons. The Assistant Director, Coast recommends that this be done in consideration of the responsibility and volume of work involved in these yards. The Hosdrug yard is now manned with 1 Petty Yard Officer and 3 peons and Ullal and Kadapuram yards with 1 Petty Yard Officer and 2 peons each. Two additional peons are therefore necessary, one each for Ullal and Kadapuram. I therefore request that Government will be pleased to sanction (1) the placing of the yards at Hosdrug, Ullal and Kadapuram in charge of Sub-Inspectors, (2) the conversion of the 3 posts of Petty Yard Officer's on the graded scale of 19, 21½ and 24 into those of Sub Inspectors on Rs.40-5/2-80, and (3) 2 additional peons to be employed, one at Ullal and the other at Kadapuram yards.

A proposition statement showing the extra cost involved which is Rs.156-5-0 per mensem is enclosed. The extra expenditure involved in 1945-46 presuming that the proposal can be given effect to from 1st March 1945 will be met from the existing provision made under "K. Fishcuring yards - (1) Pay and allowances of staff - Pay of Establishment" and got regularised in the course of that year.

for Director of Industries & Commerce.

Sub:- Establishment - Fisheries - Fish Curing Yards at Hosdrug, Ullal and Kadapuram - Conversion of the posts of Petty Yard Officers into those of Sub-Inspectors - Employment of additional peons - Orders passed

From the D. I & C No 9I7I FF/44 dated 30-I-45.
From the A.G.,T.X Ind. II-37 dated 25-5-45.

Order: No 2858 Dev. Dated 21·7·45
Ms.

The Government do not consider it necessary to sanction at present the conversion of the posts of Petty Yard Officers attached to the fish curing yards at Hosdrug, Ullal and Kadapuram into those of Sub-Inspectors of Fisheries. They however sanction temporarily the creation of three posts of Sub-Inspectors of Fisheries on Rs. 40-5/2/80, for a period of one year. The holders of these posts will be in charge of these three fish-curing yards. The posts of Petty Yard Officers attached to these yards shall be kept in abeyance for the period for which the posts of Sub-Inspectors have been sanctioned. Sanction is also accorded to employment for the same period, of two additional peons on Rs. I2-I7 p.m. each, one at Ullal and the other at Kadapuram yards.

2. The D.I.& C is requested to submit at the end of the year a report on the consumption of salt at the three yards in order to enable the Govt., to see whether the temporary posts should be continued.

To the D.I.& C.

Present m rketing methods.

As mentioned earlier, the farming system in Madras Prov nce is generally of the subsistence type where the cultivator produces enough for his personal requirements and something more to be changed for his other essential requirements as clothing and the like. The common practise in pre-British India was for the grower to exchange his surplus goods for the goods he required by barter. Gr dually marketing became more and more organised with the improvement in transport services. Commodities began to move from surplus areas to deficit areas where they were indemand. The intendiary to render the service of buying in one place and selling in the other, viz., the merchant came in with the surplus money obtained by the better prices for the produce, the cultivator was able to buy some thing more than for his essential requirements, as, luxury goods. His standard of living improved Gradually trading centres stanGed and this in turn became an urbanised. Marketing functions became specialised. Assembling of commodities in central markets came about. Simultaneously progressive science brought about the machine age. Industries started, which wanted raw materials like cotton, oil seeds and m ny others. These were manufactured into consumer goods. Industrial towns set upwhich quickened the pace of urbanisation. Industrial expansion led to still further demand for raw material. The ryot who started as a subsistence farmer found here opportunities to increase his income from the land by subsisting a commercial crop in place of a

To the D.I. & C.
A.G. thro'
Fin. Dept.

The proposals of the D.I. & C. that the fish curing yards at Hosdrug, Ullal and Kadapuram should be placed in charge of Sub Inspectors of Fisheries and the three posts of Petty Yard Officers on the graded scale of Rs. 19, 21½ and 24 attached to these yards should be converted into those of Sub Inspectors on Rs. 40-5/2-80 are approved.

2. Sanction is ~~also~~ accorded to the employment of two additional peons on Rs. 12-17 each per mensem, one at Ullal and the other at Kadapuram yards.

3. The proposition statement submitted by the D.I. & C. with the letter read above is sanctioned.

note p.t.o.

2

8211 L I-c

Note.— The D.I. & C.'s. proposal at 'A' on p. 4 c.f. may be accepted in view of the fact that the transactions in the three yards in question had been continuously heavy during the past 6 years, and the convention of sanctioning the staff on a temporary basis for five years need not be insisted in this case. The draft order above is for approval. It may be sent to Finance for acceptance.

Dev.no 10211 I/45-3 5-6-45

Finance(E-II).

In the circumstances stated on pp.3-4 C.F. and in view of the statistics given on p.6 C.F. a case appears to have been made out for the conversion of the posts of Petty Yard Officers at Hosdrug and Kadapuram into the scale of Sub-Depots. An addl. peon on Rs 12--17 may also be allowed for Kadapuram where there are only 2 peons at present.

2. As regards the fish curing yard at Ullal, the salt consumed in that yard is as follows:-

1938-39 ..	2315	
1939-40 ..	2763.	
1940-41 ..	1964	Av. 2510
1941-42 ..	2186	
1942-43 ..	2761	
1943-44 ..	3069	

The consumption of salt was much below the standard of 3000 mds. up to 1942-43 and it seems too soon to decide on the up-grading of the officer-in-charge on the basis of the figure for 1943-44. It seems desirable to gain some more experience of the working of the yard for a few years before deciding on the conversion of the post of Petty Yard Officer into that of a Sub-Depot. If the above suggestions are accepted, the extra cost will be Rs 1386/- pa.

3. The next point for consideration is whether the conversion of the posts referred to in para 1 above should be permanent. It is not certain whether the increased

consumption at Hosdrug and Kadapuram will be a permanent factor Further, according to the working principles followed in this regard, permanent retention of temporary posts should not be sanctioned unless they have been in existence continuously for over 5 years and even then they should not be made permanent, as a matter of course, and each case should be decided on its merits. It seems sufficient to sanction the proposal in this case temporarily for 2 years to start with.

A WS 7.645

CR 7.645

4/ If however it is decided to accept the proposal in toto, the extra cost @ will exceed the limit of Rs 1500/- and the case will have to be circulated to Fy.

A'on p 2 above

Finance No 25829 EII-1/11.6.45

Finance have agreed to the conversion of the posts of petty Yard Officers at Hosdrug and Kadapuram into those of Sub Inspectors and the sanction of an addl. peon for the yard at Kadapuram. They suggest that the staff may be sanctioned temporarily for 2 years to start with. This may be agreed to.

'A' above

As regards the yard at Tellicherry, Finance does not agree to the conversion of the post of petty Yard Officer into the post of a S.I. and to the sanction of an additional peon so as to bring the staff to the scale referred to at 'B' on P.4 CF in view of the fact that the average consumption of salt was only 2510 maunds up to 1942-43 and it is too soon to decide on the up-grading of staff on the basis of the figure for 1943-44. However, as the proposed staff is to be sanctioned only temporarily for 2 years to start with Finance may be requested to reconsider the case. The staff may be reduced to the existing strength, if after

(X) 3069 maunds - P. 6 CF

A' above

gaining experience for two years; the conversion of salt decreases.

The entire staff asked for by the Dept may be sanctioned for a period of two years. If at the end of this period it is found that the Consumption of salt falls below 3000 maunds, in any of the yards, the Sub. Inspector may be replaced by a Petty yard officer and the no. of peons also may be reduced to its present level. This may be seen again.

Finance Dept

(Previous note of Fin. on pp 2-3 ante)

In the circumstances set out by Dev. on pp 3-4 above, this dept. may perhaps agree to the conversion of the post of Petty yard officer at Ullal also into that of a Sub Inspector; but it may be suggested that the temporary conversions in all cases may be sanctioned for one year, instead of 2 years proposed by Devt. This will enable Govt. to see whether the position at Ullal in 1944-5 will justify the continuance of the Sub Inspector there in 1945-6.

ASST. SECRETARY TO GOVERNMENT 26 JUN 1945 FINANCE DEPARTMENT
